COMMENTS:

Since last week, the futures market has been pretty sluggish until Tuesday. After the market was looking for a direction to go, the optimism won out Tuesday with fats and feeders up close to the limit at day end. The packers buying calves out of the feedlot seem to be wanting to forward contract cattle on the February and April board which suggests even more that they think this market may get stronger as we approach Spring. We have some weaned calves coming January 31st. If you have some weaned calves you would like to consign, please give us a call.

*** THE PRICES QUOTED ARE FOR # 1 FEEDER STEERS AND HEIFERS. PRICES ADJUST DOWN ACCORDING TO QUALITY, KIND AND FILL.**
