Comments:

We had an outstanding set of calves to market today on an extremely active market as prices were definitely firmer on all classes of livestock. Weaned calves sold for a premium on top of the already higher prices. Fortunately, good consumer demand for beef, a good economy and a weak dollar are all contributing to keep beef moving both nationally and abroad. This will need to continue going forward as we have the challenge of moving all of the placements that have been placed into the feedyards over the last 6 months. Currently, fats are staying current and carrying momentum as they are bringing \$5 more than just a couple of weeks ago.

Thank you to everyone who brought us livestock today and trusted us to market your cattle!

***THE PRICES QUOTED ARE FOR #1 FEEDER STEERS AND HEIFERS. PRICES ADJUST DOWN ACCORDING TO QUALITY , KIND AND FILL.**
