Low Yield:	50-54	CWT			
			Comments:		
<u>Packer Bulls</u>					
High Yield:	NT	CWT			
Low Yield:	82-101	CWT			

Our market was steady to a little higher this week compared to last week. The market was more active and the demand was good. I think we have found the bottom of our cattle market and maybe moved up \$1.00 to \$2.00 on some classes. Every order buyer wants to know if the cattle are weaned. They will give \$3 to \$5 more per hundred weight if they are weaned and have had shots to improve their health. This is the time of year that we will have 90° days and 40° nights and that is not good for calves coming off cows and going to a new place. If there is any way to wean your calves, it will pay for itself! If you have cattle to sell, give us a call! We will help you pen, sort and haul your cattle!
