Cattle Sale

We had a short run today but the market seemed to have found a bottom. Time will tell! Everyone has an opinion as to why the market broke. Some say that it's the dry weather, others blame the imports, but the bottom line is: WE'RE NOT SELLING ENOUGH BEEF. Another problem was our markets were out of line with each other. Feeder cattle were selling way too high and the fat cattle were selling too cheap. Cattle coming out of the feedlot today are losing \$450-\$500 per head. Those boys can't stand that very long. At some point our markets will adjust themselves and we will start a new cattle cycle. I hope it's sooner than later.

Remember our Roping Cattle Sale October 9th & 10th. Cows, Bulls, & any Roped Cattle will sell Friday @ 1:00 PM & 100% Fresh, Never Been Roped Potentials & Ropers will sell Saturday starting at 11:00 AM. If you have cattle to sell, give us a call! We will help you pen, sort and haul your cattle. 😊
