We had a steady to higher market on 113 hd. The steer cattle were \$5-\$10 higher and the heifers were steady. Our packer cow market was \$3-\$5 lower. Almost all of Texas had a rain on some sort and it has helped the market to a certain extent. Next week we will have about 20 young pair and about 150 weaned calves off of several ranches. This could be a good time to sell some calves. If you have questions about any of the cattle or have cattle to sell give us a call.
