

## 2-23-16 CATTLE SALE

### Market Report

We had a rain shortened run this week. Most areas got 2"-2 ½" and it was needed in most places. Our calf market was \$4-\$5 higher on most weight classes and some of the lighter calves could have been \$10 higher. The cow market was \$2-\$3 higher also. We had a set of big red cows that were older but 7-8 months bred that brought \$1,250-\$1,330 per head and some smaller black cows that were long bred brought \$960-\$1,000 per head. I've said this before and been wrong, "but" I think we've seen the bottom of the market and are headed the other way. At least I hope that's the case! If you have cattle to sell, give us a call!
