**COMMENTS:**

*The futures market has seen a nice rally with the news of a more promising relationship with China and the positive impacts on trade this might create. Cattle sold very well today as most classes of calves were \$10 higher. The wet weather has made it hard to get cattle out, which has also helped create more demand with a tighter supply of cattle. It might be a good idea to take advantage of this market in the next week or two. Let us know how we can help!*

**\* THE PRICES QUOTED ARE FOR # 1 FEEDER STEERS AND HEIFERS. PRICES ADJUST DOWN ACCORDING TO QUALITY, KIND AND FILL.**
