<u>Packer Bulls</u>					
High Yield:	85-90	CWT			
Low Yield:	75-84	CWT			

**COMMENTS:**

*With Memorial Day approaching, early week trading on the board took a nice rally as optimism spread through the market due to improved beef demand and smaller slaughter numbers. The cash market on fat cattle coming out of the feed yards has taken a good \$10 hit the last couple of weeks. Asking prices will be higher this week as cattle owners will use last week's slaughter numbers as leverage. Today's market was mostly steady on all classes of livestock.*

*Keep in mind, next week we look to have several stocker cows coming off two different ranches. Call Derek or the barn with any questions concerning these cows. One set of cows will be Angus cows and the other set will have a lot of club calf genetics. Thank you to all who have been buying and selling with us. We appreciate your business and look forward to working with you all in the future.*

**\* THE PRICES QUOTED ARE FOR # 1 FEEDER STEERS AND HEIFERS. PRICES ADJUST DOWN ACCORDING TO QUALITY, KIND AND FILL.**
