Low Yield:	55-69	CWT	Bred Cows:	Steady	
<u>Packer Bulls</u>					
High Yield:	92-100.50	CWT			
Low Yield:	85-91	CWT			

Unfortunately, the market was softer this week compared to the last sale we had two weeks ago before the 4th of July holiday. Live cattle and feeder cattle prices keep falling and we are seeing lots of follow through pressure on the stocker and feeder calves coming to market as it looks for a bottom. A lower demand for beef at a time when consumers seasonally buy more beef seems to be the driving force right now from a marketing standpoint. Next week we will have a set of Angus replacement heifers ready for a bull of your choice. Come see us!

** The prices quoted are for # 1 feeder steers and heifers. Prices adjust down according to quality, kind and fill.*
