Low Yield:	60-68	CWT	Bred Cows:	Steady	
<u>Packer Bulls</u>					
High Yield:	94-100	CWT			
Low Yield:	85-93	CWT			

Today's cattle sold on a mostly steady market on a shorter run due to the rainy weather. It appears there is moderate pressure developing across the cattle complex with technical traders backing away from the aggressive market support we have seen in the past few weeks. So far the market is holding on, but further pressure may be starting to develop. We would love to market your livestock so let us know what we can do to help you out. Consignments for the weeks so far are: 65 head of mixed steers/upcoming heifers coming next week, Aug 23rd of three ranches, 50 head of weaned steers/heifers coming off one ranch Aug 30, 100-125 head of Beefmaster calves off the Baird Ranches coming on Sep 13th. Forty-fifty of these Beefmaster calves will be replacement type heifers that will make someone a great set of cows for years to come.

** The prices quoted are for # 1 feeder steers and heifers. Prices adjust down according to quality, kind and fill.*
