Our market was steady on the feeder cattle to \$3-\$10 higher on the stockers. We have seen some recovery from last weeks wreck but it has a long ways to go you get back to the level we were 3 weeks ago. It is very helpful if your cattle are weaned and have had shots to improve their health. If you have questions about weaning and a health program give us a call, if we can't help you we will put you in contact with someone who can help! If you have cattle to sell give us a call.
