**Comments:**

Today's offering featured several good sets of cattle from ranches all over Hamilton County and beyond. The market again was mostly steady on calves/yearlings while packer cows and bulls were softer again. Not presented in the market report above were the Baird Beefmaster heifers that sold today. Most of these heifers weighed from 525# to 625# and brought \$160-\$180/CWT. Thank you to all of our new consignors and repeat consignors as well for believing in us to market your livestock! Keep in mind that seasonally, the market gets cheaper in October. If you have calves to market, the sooner the likely will be better than the latter. The weather is already trying to change, and with cool nights and hot days, comes the increased health risks for buyers.

**\*THE PRICES QUOTED ARE FOR #1 FEEDER STEERS AND HEIFERS. PRICES ADJUST DOWN ACCORDING TO QUALITY , KIND AND FILL.**
