Today's cattle sold on a softer market as the futures market is still struggling to find any kind of buyer support. There has been some interest in replacement heifer calves the last couple weeks to turn out on wheat this fall/winter. Next week, we will have the Baird Beefmaster calves here. There will be several replacement type heifers as well as steers that will be perfect size to turn out on grain.

** The prices quoted are for # 1 feeder steers and heifers. Prices adjust down according to quality, kind and fill.*
