<u>PACKER BULLS</u>					
High Yield:	NT	CWT			
Med Yield:	NT	CWT			
Low Yield:	NT	CWT			

Every October it seems the market gets knocked back for a little while and it appears it is here now. The Cattle on Feed Report that came out last week has turned the market to have a more bearish tone as placements came in higher than expected. The weather forecast of big temperature swings over the next week or two is not helping the market either. Hopefully this is short lived and tighter numbers will correct the market going forward.
