

HAMILTON COMMISSION COMPANY

Roping Cattle Sale

FRIDAY & SATURDAY, APRIL 2ND & 3RD
MARKET REPORT

2,715 HEAD
118 CONSIGNERS
116 ACTIVE BUYERS

Hamilton Commission Company's April Roping Cattle Sale was very refreshing with **heavy buyer demand** and **stronger prices**. Springtime is here and with longer days and warmer temps, ropings are ruling the weekends. Currently, a lot of Corriente cows have beef calves by their side and/or are bred back to beef bulls. Full-blood Corriente calves are a little harder to find, creating a shorter supply of ropers while the sport of team roping continues to grow. Friday's sale featured 1,700 head with several pair and the market was steady all day. As always, there is the most demand for young, solid colored Corriente cows in good flesh. Cows bred to beef bulls will still bring a premium to cows bred to Corriente, but this spread should tighten up as roper prices get stronger. Saturday's sale featured right at 1,000 ropers and potentials and sales receipts were pleasantly strong from start to finish. We saw the trend switch back to a premium for heifers as they offer a two-way marketing option where they can be kept and bred after roping. Overall, the sale featured stronger prices from higher demand with motivated buyers. Cattle left Hamilton and went as far west as California and as far east as Virginia. We would like to thank all the buyers and sellers alike and would like to invite everyone back to our **next Roping Cattle Sale the weekend of June 4th and 5th**.
