

HAMILTON COMMISSION COMPANY

Roping Cattle Sale

FRIDAY & SATURDAY, JUNE 12TH & 13TH

MARKET REPORT

1,795 HEAD
121 CONSIGNORS
105 ACTIVE BUYERS

With many of the CV-19 restrictions being lifted and Texas weekends filled with ropings again, it was nice to see an active market with strong demand for our June Roping Cattle Sale. Thank you to our consignors for bringing in another quality packed offering to swap over to our buyers.

The trend is still the same on our Friday sale.... Buyers are wanting solid colored Corriente cows that are solid mouth and younger. Anything bred to beef bulls will offer an additional premium. Saturday's selection of ropers was absolutely stellar! Each set that came in looked to be just as good as the set before and after them. One interesting note about this sale was for the first time, our offering on Friday was larger than our Saturday offering. With so many of these Corriente cows being bred to beef bulls, many of them are being taken out of production to raise ropers. It will be interesting to watch going forward to see if this is in fact a trend for the roping industry. If so, by simple economics, the supply of ropers could tighten up to make demand that much stronger resulting in stronger prices.

Again, thank you to both our buyers and sellers for supporting Hamilton Commission Company's Roping Cattle Sales! We look forward to serving each one of you again in the future. Remember to call in your consignments for any future sales. This not only allows us to advertise better for you, but also helps the logistics of when cattle need to arrive so that everyone is not showing up at the same time to unload. Our next sale will be Friday & Saturday, September 25th & 26th. We look forward to seeing you all here!
