ROPING CATTLE SALE FRIDAY & SATURDAY, JUNE 2ND & 3RD MARKET REPORT

Just like the weather is warming up going into summer, the market on the roping cattle remains hot and demand is strong. A strong beef market is contributing to healthier prices on cows bred to beef bulls while the growing sport of roping is supporting cows bred to Corriente. This market shows plenty of support going forward through the end of the year and into next year. Short numbers will almost certainly remain through at least 2024 which should support a bullish market going forward.

We are already taking consignments for our September Roping Cattle Sale so be sure to call in your consignments at 254-386-3185.
